TITLE ____—VIEQUES RECOVERY AND REDEVELOPMENT

SEC. ____ 01. SHORT TITLE.

This title may be cited as the “Vieques Recovery and Redevelopment Act”.

SEC. ____ 02. FINDINGS.

The Congress finds the following:

(1) Vieques is an island municipality of Puerto Rico, measuring approximately 21 miles long by 4 miles wide, and located approximately 8 miles east of the main island of Puerto Rico.

(2) Prior to Hurricane Maria, residents of Vieques were served by an urgent medical care facility, the Susana Centeno Family Health Center, and residents had to travel off-island to obtain medical services, including most types of emergency care because the facility did not have the basic use of x-ray machines, CT machines, EKG machines, ultrasounds, or PET scans.

(3) The predominant means of transporting passengers and goods between Vieques and the main island of Puerto Rico is by ferry boat service, and over the years, the efficiency of this service has frequently been disrupted, unreliable, and difficult for cancer patients to endure to receive treatment. Each trip to Ceiba, Puerto Rico, for the cancer patient is an additional out-of-pocket expense ranging from \$120 to \$200.

(4) The United States Military maintained a presence on the eastern and western portions of Vieques for close to 60 years, and used parts of the island as a training range during those years, dropping over 80 million tons of ordnance and other weaponry available to the United States military since World War II.

(5) The unintended, unknown, and unavoidable consequences of these exercises were to expose Americans living on the islands to the residue of that weaponry which includes heavy metals and many other chemicals now known to harm human health.

(6) According to Government and independent documentation, the island of Vieques has high levels of heavy metals and has been exposed to chemical weapons and toxic chemicals. Since the military activity in Vieques, island residents have suffered from the health impacts from long-term exposure to environmental contamination as a result of 62 years of military operations, and have experienced higher rates of certain diseases among residents, including cancer, cirrhosis, hypertension, diabetes, heavy metal diseases, along with many unnamed and uncategorized illnesses. These toxic residues have caused the American residents of Vieques to develop illnesses due to ongoing exposure.

(7) In 2017, Vieques was hit by Hurricane Maria, an unusually destructive storm that devastated Puerto Rico and intensified the existing humanitarian crisis on the island by destroying existing medical facilities.

(8) The medical systems in place prior to Hurricane Maria were unable to properly handle the health crisis that existed due to the toxic residue left on the island by the military's activities.

(9) After Maria, the medical facility was closed due to damage and continues to be unable to perform even the few basic services that it did provide. Vieques needs a medical facility that can treat and address the critical and urgent need to get life-saving medical services to its residents. Due to legal restrictions, the Federal Emergency Management Agency (in this title referred to as "FEMA") is unable to provide a hospital where its capabilities exceed the abilities of the facility that existed prior to Maria; therefore Vieques needs assistance to build a facility to manage the vast health needs of its residents.

(10) Every American has benefitted from the sacrifices of those Americans who have lived and are living on Vieques and it is our intent to acknowledge that sacrifice and to treat those Americans with the same respect and appreciation that other Americans enjoy.

(11) In 2012, the residents of Vieques were denied the ability to address their needs in Court due to sovereign immunity, *Sánchez v. United States*, No. 3:09-cv-01260-DRD (D.P.R.). However, the United States Court of Appeals for the First Circuit referred the issue to Congress and urged it to address the humanitarian crisis. This bill attempts to satisfy that request such that Americans living on Vieques have a remedy for the suffering they have endured.
